

Community SLAM

We believe that instead to flights during the year many countries for various species or subspecies of animals, it is much better to try to spend as long as possible in one country and hunt various game, even same game but in different conservancies, with different conditions, different culture and hunting methods, also looking different animals. While doing community slam – hunter will be able to visit many wonderful parts of the country in one time and hunt same ibex in various places, or combine with different species.

Following community slams opportunities offer H&CAT:

- ANCOT 5 East Asia Star slam – Bukhara markhor, Bukhara urial, Marco Polo argali, Pamir Ibex, Mid-Asian Ibex. (1 Month)
- ANCOT 5 Ibex slam – five ibex hunts in five various community-based conservancies – after this slam most of the hunters can be called professional ibex hunter. (1 Month)
- ANCOT 2 Ibex slam. You will hunt two morphological different Ibex in different parts of Tajikistan. Festinating experience. (2 weeks)
- ANCOT Twix Marco Polo slam.
- ANCOT Wild Chukar harvest slam.

After finalizing of one this slams, ANCOT will present you a special memorable award made by traditional local hunters.
